Late on Friday, March 14, Trump issued an executive order attempting to dismantle the only federal agency dedicated to funding library services, the Institute of Museum and Library Services (IMLS).

Millions of people love public libraries and rely on their services and programs. Now we need to show up for them. The American Library Association is asking us to send a letter to Congress—personalized, ideally—asking them to overturn the March 14 executive order, and to continue at least level funding for IMLS in fiscal year 2026.

On Friday, March 14th, lawmakers voted to support harmful budget cuts that threaten the well-being of millions of Americans. Programs like Social Security, Medicare, Medicaid, and veterans' benefits—lifelines for our seniors, families, and those who served our country—are now at risk.

We cannot afford to stand by. Now is the time to organize, mobilize, and demand action.

Join the [NAACP Community Call to Action](#) on Monday, March 24th, from 6:00 – 7:30 PM to learn what's at stake, hear from key leaders, and take strategic action to fight back against these devastating cuts.

Regarding the so called “SAVE Act”

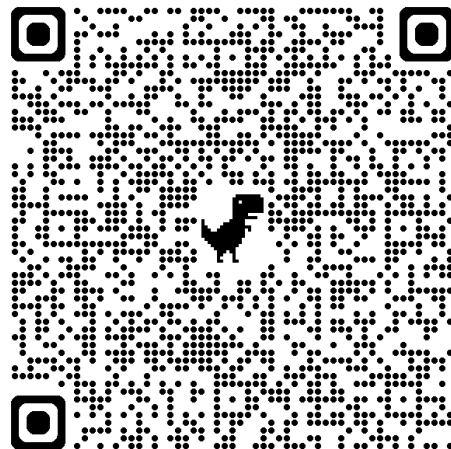

States have multiple checks in place to ensure that only eligible citizens can vote. To even register to vote in state and federal elections, you must swear you’re a citizen under penalty of criminal prosecution. Noncitizens are not permitted to vote in state and federal elections. So it should come as no surprise that every legitimate study ever done on the question shows that voting by noncitizens in state and federal elections is vanishingly rare.

Protest outside Pat Fallon's Frisco office, Sat, March 22, 2-4 pm

Protest on April 5, 2025

We demand an end to the billionaire takeover and rampant corruption of the Trump administration.

We demand an end to slashing federal funds and personnel for Medicaid, Social Security, child nutrition, and other programs working people rely on.

We demand an end to the attacks on immigrants, trans people, and other communities.

On April 5, national and local organizations are coming together across the country to organize for Hands Off!, a national mass activation in defiance of the Trump-Musk billionaire takeover and the Republican assault on our freedoms and our communities. Hands Off! is an all-in moment for the pro-democracy, pro-worker movement—a demand, a warning, and a rallying cry that responds to the primary reasons for our mobilization:

1. Trump and Musk are attempting an illegal power grab is a crisis we must stop.
2. Trump, Musk, and congressional Republicans are gutting services, raising prices, and racing towards slashing Medicaid, Social Security, and more.
3. Trump, Musk, and congressional Republicans are on this path of destruction for the benefit of their billionaire allies.

Whether you are mobilized by the attacks on our democracy, the slashing of jobs, the invasion of privacy, or the assault on our services—this moment is for you. We are setting out to build a massive, visible, national rejection of this crisis. On April 5, we will host events across the country, in major cities and small towns in every state. Our goal is to show that the people—the majority—are taking action to stop the corruption and power grab.

STATE OF PLAY: WHY WE'RE MOBILIZING APRIL 5

 **We are facing a national crisis.** Since his inauguration, Donald Trump has launched an unprecedented power grab—driving up prices, slashing funding for essential programs, and creating instability at every turn. Enabled by Elon Musk and Republicans in Congress, his corrupt agenda is making life harder for everyday Americans while eroding our democracy. We can't afford to wait any longer to fight back

 **They think everything belongs to them.** Trump and his allies are rapidly stripping America for parts and selling us out—and now Congress is trying to do the same by slashing Medicaid, Social Security, cancer research funding, and more. Why? To give more tax cuts to billionaires.

 **But the services and jobs they're slashing aren't theirs—they're ours.** Our communities are paying the price while the Trumps and Musks of the world cash in. It's not just about money—it's about power. This administration is targeting everybody who isn't part of the 1%—veterans, kids, seniors, farmers, immigrants, transgender people, and political opponents. All to consolidate power and reward their allies.

 **The lawlessness, cruelty, and corruption has gone too far. On April 5, we unite to say: Hands Off!**

- Hands Off Our Democracy!
- Hands Off Our Health Care!
- Hands Off Social Security!
- Hands Off Our Data!
- Hands Off Public Schools!
- Hands Off Our Bodies!
- Hands Off Our Wallets!
- Hands Off Public Lands!

Whether you're outraged by skyrocketing healthcare costs, job cuts, attacks on privacy, or the gutting of essential services—this moment is for you. Whether you've been in the fight for years or you're just fed up and ready to take action—this moment is for you.

 **We need to build a massive, visible, national rejection of this crisis.** On April 5, we will host events across the country, in major cities and small towns in every state. Our goal is to show that the people—*the majority*—are taking action to stop the corruption and power grab.

 **The power is in your hands. Join us.** If there's a mobilization in your area, sign up to attend.

Note: A core principle behind all Hands Off! events is a commitment to nonviolent action. We expect all hosts and participants to seek to de-escalate any potential confrontation with those who disagree with our values.
